Forecast For Northeast England
Issued by Met Office Exeter
at 0400 on Friday 05 Nov 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Rather cloudy with some drizzle today. A little brightness later.

Today:
A rather cloudy start with patchy drizzle and some fog over the hills. Brightening up at times in most places heading into the afternoon, although still quite cloudy over the Pennines with the odd spot of rain. A breezy day. Maximum temperature 12 deg C (54 deg F).

Tonight:
Some clear intervals this evening, although the Pennines will stay cloudy with some fog and occasional drizzle. Overnight it will generally become cloudy with patchy rain. Frost-free, but breezy. Minimum temperature 8 deg C (46 deg F).

Saturday:
Saturday starts cloudy with drizzle. Skies brightening briefly during the morning, but rain sweeping southeast across the region heading into the afternoon. Brighter again later. A milder, but windy day. Maximum temperature 12 deg C (54 deg F).

Outlook for Sunday to Tuesday:
Mostly dry and bright, but windy on Sunday. Remaining bright, and with lighter winds on Monday. Cloudier on Tuesday with patchy rain and a brisker wind again for a time.
